

## **A WARNING FROM THE WALL**

I have known for a long time that the LORD has watchmen on the wall of HIS Spiritual Temple to warn HIS people of dangers looming on the horizon. I have never consciously considered myself as one of these, although the LORD has used me often as a vessel to bring revelation to the light. After hearing from the LORD today, and the Spirit from which HE spoke, I have to consider myself as a watchman and this writing is being prepared in the Spirit of a watchman.

In Leviticus 23, the LORD established for all time and for His people ( not just for the Jews) HIS holy days of convocation. The words actually means “holy days of rehearsal”. Although prophecy teachers within the evangelical Christian circles commonly teach that Messiah’s coming will fulfill the fall feast days, the same Christian circles are basically devoid of true understanding, recognition or participation in any of the feast days. Just as the Jews, after “rehearsing” for the coming of the Messiah for centuries at Passover, did not recognize HIM and were asleep at HIS coming, so too today both houses of Israel are generally asleep and are destined to not recognize HIS imminent second coming in fulfillment of the fall feast days. The LORD has told me that this is the way things are and that although we are to keep shouting from the wall, few will awaken to the call.

The most ominous portion of the word from the LORD today, makes a connection between the virgins of Matthew 25 and the virgins of Revelation chapters 7&14. In Rev. 14, the LORD speaks of what is commonly translated as 144,000 “virgins”. It is often taught that this is a literal number and that these are Jews. Neither is correct. 144,00 is the ultimate or perfect representation of the number 12, which is the number of HIS people. So, 144,000 represents His people Israel brought to perfection and is not a literal number. Also, the text is often translated that these have kept themselves from women and are therefore “virgin”. Actually, I believe that the text should be translated that these have kept themselves from “the woman”. In other words, these have not been defiled by the harlot also spoken of in the book of Revelation, which I believe represents the religious system of the world that has and is teaching falsely and has lured HIS people away from the one true GOD and HIS truths. These are described as lukewarm, neither hot nor cold, and in this condition cannot stay awake and hear the call from the wall.

But GOD has kept a remnant that has not been defiled by the woman. It is to these that my word goes out to today. Matthew 25 speaks of wise and foolish virgins as they await the arrival of the Bridegroom. I believe that the virgins in this teaching represent in type those spoken of in Revelation and today are those not defiled by the woman. In Matthew, we see that some of these have kept vigilant, and along with their lamps, have with them extra flasks of oil (Spirit), and when

the call goes forth were able to immediately enter in. Others, however, were not vigilant, had allowed their lamps to run dry of oil, and when the call went out were unable to enter in. They were not able to enter in because of the darkness that surrounded them. They had no light provided by the Spirit of the living GOD. My Spirit grieves for these. They have made a long journey with the LORD, they have traveled the ancient paths and they are anticipating HIS return. But in the end, waited in darkness instead of light.

Let us go out now to all our brothers as advocates of light, as encouragers to not be weary, but seek the LORD and HIS Spirit as never before. The time is short and the Bridegroom approaches. The only way that we can overcome to the end is to walk and walk only in the light provided by the LORD GOD of Israel.
