8. not	we do not	ou		an absolute negative
9. seen	see	blepo	991	to see or discern with the eye.

Based on what we now know about the walk down the ancient path in Sabbath with GOD and the significance of this portion of Hebrews, is the following not a better translation of this verse?

“Then, faith (trusting, or the thing that is spoken of in Hebrews 10:39 that will preserve our lives) ***is the foundation of trust and the proof of the finished work not seen in the natural world.***”

This faith that is the foundation of trust comes from ***spiritual vision*** not vision of the eyes and is found only on the ancient path in rest (Sabbath) with GOD, ***knowing*** that GOD's work is already finished and that HE is at rest (Sabbath). It is not any faith, but faith in the finished work of GOD. This faith as manifested in the called out ones, the Israel of GOD, is also GOD's proof to the world of this finished work. It is also our proof that we are HIS people. As we continue in this ***faith*** we join the great cloud of witnesses of Hebrews 11 as a testimony to our GOD.
