

A House of Israel Web Site

The new covenant is given to the house of Israel and the house of Judah. God's chosen people are finding this revelation. The veil is lifting as we approach the fullness of nations (melo goyim) spoken of in Rom. 11:25. This fulfillment of the prophecy spoken to Joseph's son Ephraim in Gen. 48:19 is a true marker of revelation for any one flowing into the end time purpose of the Lord. With covenant comes identity. We have to know who we are to fully participate. The Israel of God constitutes his chosen people in the earth. This people exists in two houses; the house of Israel (non Jews) and the house of Judah (Jews who have trusted in Messiah Yahshua).

God has promised to do a unique work in each house and then unite them together to consummate his purpose. Zech. 9:13; Ephraim is the arrow, Judah is the bow. The two will become one as the arrow is fitted to the bow. This does not mean the arrow is the bow. The house of Israel or Ephraim is distinct from the house of Judah. As our eyes are opened to our true identity there is much we can learn from both houses. Judah has many wonderful websites where much can be learned. Ephraim also must stand up and present truth from his perspective if fullness is to be achieved.

So when we say this is a "House of Israel" website we mean as Ephramites we want to bring a word whose focus is to build up a (melo goyim) or fullness of the nations. That these nations become the sovereign people we are called to be. Our destiny is bound together with Judah, but we must become strong in who we are before we can truly be a blessing to our brother and Yahweh our God.

You have found a stronghold of Ephraim. Enter the camp, look around, sit down and visit with us. Together we can grow into a true "Arrow of the Lord".
