

June 22, 2005 - **“THE VISION”**

The following is a re-visitation of a vision experienced by brothers of this fellowship. This has been re-visited by the fellowship before, but recent revelation may open new understandings of the vision and opportunities to follow Messiah where He is leading.

August, 1989 – On a boat near Aruba

“I remember closing my eyes and listening to the prayers of the other men in the circle around the room. I then felt a presence in the room about ceiling height. I knew it was the FATHER we were all praying to. I could see a scepter. It was on my left and was a square shaft with a round top. It appeared to be made of solid gold. Without my hearing any words, a request came from the FATHER, asking the SON to get the red scroll. On my left, I saw an angel holding a pillow with a red scroll upon it. The angel presented it to the SON, who was in the midst of the presence. The SON then took the scroll and presented it to the FATHER. I heard the FATHER say ‘You open the scroll’. The SON turned the scroll in my direction so that when it was unrolled I would be able to read it. I saw that the scroll contained six commandments for the ministers of the sanctuary:

- 1. Establish the peg.*
- 2. Establish the plumb line*
- 3. Establish the land that GOD shows you (Find the land GOD has redeemed).*
- 4. Establish Communication with GOD (Do this at the place of the peg and the line).*
- 5. Establish the seasons of GOD at each point.*
- 6. Establish the covenant.*
